CD103RBC.revA.11122019

Included in package:

1 Release Button Cover

NOTE: If shortening the release button and using the release button cover, do not shorten the release button to less than 7/16" in length. A release button that is too short will not allow enough travel for the lock to release if the release button cover is in place. The cover must be glued with gel-type super glue.

Manufactured by:

419 N. Curtis Rd., Boise, ID 83706 USA
(208) 429-0026
